

## **5 LEVEL TAP DANCE CLASS DESCRIPTION**

Instructor: Penny Berton

### **BEGINNER TAP LEVEL 1**

Have you ever wanted to tap? Now you can! You will be dancing to music of all genres and doing routines the very first week. Basic terminology, balance, rhythm, counting and timing are taught and reinforced in every class. Worksheets will be given out along with step-by-step written routines.

### **TAP LEVEL 2**

After completing the beginner tap program, classes will progress with additional terminology, more complex combinations, rhythms and routines. Balance will be improved as well as your ability to watch and pick up more quickly.

### **TAP LEVEL 3**

Once levels 1 and 2 are completed, you will have a good foundation of tap dancing and tap terminology. Counting will be emphasized to help you understand how to fit the steps you have learned to any music. Muscle memory and recall will start to kick in. The love of Tap will have you hooked.

### **TAP LEVEL 4**

You have now completed levels 1, 2, and 3. Congratulations! It's time to put all the fundamentals together to learn the very popular and exciting "Time Step" you've seen in all those fantastic musicals! With the basics behind you, it's time to let those feet take over and dance, dance, dance!

### **TAP LEVEL 5**

You now have what it takes to be a "Hooper". Previously learned steps such as the Maxi Ford, Broadway, Irish, and Military Time Step will start to become second nature to you as we'll now work on speed, a cappella routines, and "harmonizing" with our feet.
